Jordan Sample jordan@example.com	**Pro · Yearly** Active since Sep 1, 2026	**8 tracks** Listed in Schedule A

Musikalis ("we") confirms that each track listed in Schedule A was generated with account `00000000-0000-4000-8000-000000000000` while its paid Pro subscription was active. For these tracks, we confirm the following:

01 **Ownership.** We do not claim ownership of the covered tracks. To the extent Musikalis holds any right, title or interest in them, we transfer it to the Licensee.

02 **Commercial use license.** We grant the Licensee a worldwide, perpetual, irrevocable, royalty-free license to use, reproduce, edit, distribute, publicly perform and monetize the covered tracks. This includes release on streaming and download services such as Spotify, Apple Music and YouTube, and use in videos, advertising, live performance and client work. No credit to Musikalis is required.

03 **After cancellation.** This license remains in effect if the Licensee later cancels or changes the subscription.

04 **No claims by Musikalis.** We will not collect royalties from, or file takedown or monetization claims against, the Licensee's lawful use of the covered tracks.

05 **Your own material.** Lyrics, prompts and other material written or supplied by the Licensee remain the Licensee's. The Licensee is responsible for having the rights to that material.

06 **AI-generated content.** The covered tracks were created with AI music models. Whether AI-generated music can be registered for copyright depends on local law, and the models may produce similar material for other users. Musikalis does not guarantee copyright registration or exclusivity. We recommend that the Licensee follow each distributor's rules on disclosing AI content and not enroll the tracks in content-identification systems such as YouTube Content ID.

07 **Scope.** This confirmation covers only the tracks in Schedule A. Tracks generated before the subscription began, or by other accounts, are not covered.
